VOL. XXVI. NO. 101 GAINESVILLE, FLORIDA, FRIDAY, JUNE 4, 1909 TEN CENTS A WEEK

JACKSONVILLE CHARTER BILL BEFORE SENATE

TALLAHASSEE, June 3.—By the close margin of one vote the Senate yesterday adopted the amendments to the Jacksonville charter bill recommended by the committee on municipalities.

Senator McMullen of the Eleventh, with whom the Senate stood firmly together a few nights ago in a fight of a similar character, under waiver of the rules through Senatorial courtesy was conspicuous in his effort to have the Senate adopt the amendments and thereby destroy the full purpose of the measure.

The bill will have to go to the House for concurrence in the amendments unless a vote to reconsider action is made and carried, and there is now little hope of its being reached in the few remaining hours of the session.

The amendments provide that the bill shall become a law January, 1910, after being ratified by a vote of the people at an election called by the city council, and that the section relating to the appointment of the commissioners by the representatives in the Legislature be stricken out.

Senator Buckman made one of the most eloquent, logical and convincing addresses in behalf of the measure as it stood and against amendment ever heard in the Legislative halls here. He eliminated personalities entirely and his remarks centered wholly upon the merits of the bill.

Measures Considered.

Twenty-four members were present at the night session of the Senate, and among the bills acted on were the following:

Senate Bill No. 384, by Mr. Hudson. Requiring and authorizing the Comptroller to refund drainage taxes. Passed.

House Bill No. 111, by Mr. Clarke of Jefferson—Relating to recording of decrees and orders in chancery; to third reading.

House Bill No. 515, by Mr. Conway of Clay—Requiring newspapers to mark as advertising news, editorial or cartoons paid for. Passed.

Committee substitute for House Bill No. 73—Requiring supreme court clerk in all cases in which the supreme court writes an opinion to send the clerk of circuit court of county from which case is appealed or writ of error taken, a correct opinion and decision. Passed.

Senate Bill No. 383, by Mr. Miller—Concerning obstructions to navigation by bridges or other structures. Passed.

House Bill No. 135, by Mr. Brown of DeSoto—To prevent contamination or pollution of waters. Passed.

By Mr. Carn, substitute for House Bill No. 224—Authorizing payment of balance due on construction of a dormitory for old university at Lake City. Passed.

House Bill No. 151, by Mr. Malone of Monroe—Relating to rules of descent. Passed, 23 to 3.

House Bill No. 161, by Mr. Mahaffey of Gadsden—Making carnal intercourse with unmarried lunatic female unlawful. Passed.

House Bill No. 133, by Mr. Wall of Bradford—Requiring bonds of county commissioners and members of boards of public instruction. Lost, 16 to 12.

Senate Bill No. 418, by Mr. Sams—Regulating running of automobiles. Lost, 15 to 14.

House Bill No. 114, by Mr. Neeley of Leon—Providing that in certain suits non-resident infants who are proper parties may be served with process by publication. Passed, 17 to 8.

Senate Bill No. 416, by Mr. Sloan—Relating to revocation of licenses of insurance companies failing to pay licenses. Passed.

Senate Bill No. 353, by Mr. Henderson. Regulating fees for feeding prisoners. Passed, 14 to 10.

Senate Bill No. 456, by Mr. Humphries—Requiring poll tax to be paid year when due. Lost, 21 to 5.

House Bill No. 249, by Mr. Stringer of Hernando—Relating to duties of certain inspectors of marks and brands. Passed, 17 to 2.

Senate Bill No. 470, by Mr. Girardeau—Pension for Joseph Gilmer of Jefferson county. Passed.

THE HOUSE.

Contrary to a request by the Senate, the House refused to recede from its action in adopting an amendment to the anti-race track betting bill causing the measure to become a law May 1, 1911. The Senate declined to concur in the amendment, hence the request to the House to recede. It is believed that the bill is now dead.

A memorial was adopted requesting Congress to aid in the Ponce De Leon celebration at St. Augustine.

A request from Senator Heard that his remarks of some days ago in which he attacked the Governor for the latter's attitude toward the Wailes claim be spread upon the journal of the House was tabled upon motion of Mr. MacWilliams of St. Johns.

A concurrent resolution providing that both houses adjourn the 1909 session at noon Friday was adopted.

EXAMINATION TO BE HELD IN GAINESVILLE

UNDER DIRECTION OF U. S. CIVIL SERVICE COMMISSION.

Examinations Will Be Held at Many Other Places at Same Time to Secure Competent Clerks.

ALBUQUERQUE, N. M., June 3.—The U. S. Civil Service Commission announces an examination June 16, at Phoenix, Prescott, and Tusson, Arizona; Fayetteville, Ft. Smith, Little Rock, and Texarkana, Arkansas; Gainesville, Jacksonville, Key West, Miami, Pensacola and Tampa, Florida; and Albuquerque and Las Vegas, New Mexico. This examination is held to secure eligibles from which to make certification to fill existing vacancies, at $900 per annum, in the position of Forest Clerk in the Forest Service, and vacancies requiring similar qualifications as they may occur at salaries of $900 to $1,200 per annum.

Eligibles from this examination will be subject to appointment in Forest Supervisors' offices on the Apache, Sitgreaves, Garces, Crook, and Coconino forests in Arizona; on the Datil, Gila, Zuni, and Alamo forests in New Mexico; on the Ozark forest, Arkansas, and on the Choctawhatchee forest in Florida. Many of the places of appointment are very desirable from a residence point of view.

The duties to be performed consist of carrying on office correspondence, keeping up files, and conducting routine business during the absence of the Forest Supervisor in the field. The Forest Service does not furnish either houses or subsistence, and appointees will be expected to report at places of employment at their own expense.

The examination will consist of spelling, arithmetic, penmanship, letter-writing, copying from rough draft, and type-writing and stenography. Applicants should at once apply either to the United States Civil Service Commission, Washington, D. C., or to the secretary of the board of examiners at any place mentioned above, for application form 304.

RIOTING WAS SERIOUS IN BIG STREET CAR STRIKE

PHILADELPHIA, June 3.—The attempt of the Philadelphia Rapid Transit Company to operate its cars last night with strike breakers imported from other cities resulted in the first rioting which had occurred since the strike of the street car men began on May 29.

In the Kensington district, where many mills are located, the feeling ran high. Mobs of men, women and children pulled the motormen and conductors from their cars and beat them severely. In many instances cars were set on fire and in other cases thrown across the tracks.

The police were powerless to control the angry strike sympathizers. When they charged the mob it broke, only to form again in the vicinity of another car.

When the rioting started after night fall every car that could be got into the barns of the company was taken off the street. Several policemen were injured during the rioting.

While the most serious rioting occurred in the mill district in Kensington, cars were attacked in many other parts of the city. In West Philadelphia dynamite caps were placed on the tracks and crowds stoned the strike-breakers when they attempted to bring out cars, forcing them to return to the barn. In the down town section conductors and motormen were pulled from their cars and their clothes torn from their backs by mobs of strike sympathizers. In some cases the terrified strike-breakers had to be taken to private houses and guarded by police to save them from bodily harm.

In Kensington there were five big riots and all evening Kensington avenue, the main thoroughfare of the district, was filled with a howling mob. So far as can be learned the striking street car men themselves did not take any part in the rioting. They were kept confined by their leaders in their various meeting places.

One Policeman Dying.

The imported strike-breakers proved to be a disappointment to the company, many of them deserting their cars at the first sign of trouble and leaving them standing in the street at the mercy of the mob. Several of them applied to the strikers for aid to return to New York, saying that they had been brought here under misrepresentation.

During the course of the Kensington riots, Policeman Levy was shot in the back of the head and is said to be in a dying condition. In the same section one block of five cars were piled in the street after being partially demolished with paving stones and were then set on fire. At least 100 persons have been seriously injured.

During the day the company claimed to have operated a few more cars than on the previous days of the strike. Chairman Pratt of the union car men admitted that some additional cars had been run with the strike-breakers, but said the strikers had won over more of the men and none of the men who had gone on strike were weakening.

The central labor union has determined to take advantage of the political features involved in the strike and at a meeting of its conference committee last night decided to issue a call upon all its members and sympathizers to celebrate next Saturday, which is primary election day here, as white ribbon day.

Chiramante Guilty of Taking Life of La Bella

TAMPA, June 3.—The arguments in the La Bella murder case were concluded at a late hour Wednesday night, and after an able charge from Judge J. B. Wall, the jury retired to consider its verdict. After waiting for a half hour or more for the jury's return to the court room and no report of an agreement being forthcoming, the court took a recess until yesterday morning, the jury being locked up for the night to make up its mind.

The feature of Wednesday at the trial was the statement of the accused, Ornaferio Chiramante, who told a very circumstantial narrative of how he spent February 2, 1909, the day on which La Bella is supposed to have been murdered, detailing how he had a severe toothache and spent the afternoon in a West Tampa saloon, where he is alleged to have been seen by three Italian witnesses, and at the time when two American witnesses testified they saw him driving his wagon from the place where La Bella's body was found.

Upon the assembling of court yesterday morning the jury brought in a verdict of guilty as charged in the indictment. Judge Wall instructed the jury that its verdict must specify the degree of crime for which the verdict is made, and after retiring the jury returned to the court room in a few minutes with a verdict of guilty of murder in the first degree, with a recommendation to the mercy of the court.

West Palm Beach Man Drowned From Launch

WEST PALM BEACH, June 3.—Julius Sontag was drowned Wednesday night while making a trip from this city to Latana in a gasoline launch. He, together with his employer, B. F. Hull, were the only occupants of the launch, and when it stopped about three miles south of here Sontag went forward to see whether the gasoline tank was empty and in some manner fell overboard. The body was recovered by the use of a seine about noon yesterday, and after viewing the body Coroner Rickards held that Sontag was accidentally drowned.

Mr. Sontag was about 45 years of age, and leaving a mother and sister in Wilstegiersdorf, Germany, having no relatives in America.

Finds Wife Dead Clasping Her Baby in Arms

ATLANTA, June 3.—Walter Douglas, a building contractor residing at 185 Love street, knocked on his wife's door yesterday morning and receiving no response entered. He found his wife dead with her little baby clasped to her breast. The body was warm and she had evidently been dead only a few minutes.

A little want ad. will accomplish big results.

Augusta Factory Man Was Dashed to Death

AUGUSTA, June 3.—J. K. Sandifer, a weaver, met a horrible death in the Augusta factory yesterday by being caught in the main fly wheel of the engine room and dashed against a brick wall. His body was mashed almost flat and ten bones were broken.

It is not known how he became entangled. The big fly wheel is guarded by an iron railing. It is thought that he leaned against this and lost his balance or that his clothes became entangled. The coroner's jury placed no blame on anyone. There were no eye-witnesses to the tragedy.

Sandifer was 25 years of age and came here a short while ago from Bamberg, S. C.

Growers Decide to Form Florida Fruit Exchange

TAMPA, June 3.—The Orange Growers' Convention adjourned yesterday after organization of a committee to form a permanent Florida Citrus Exchange for marketing crops. The committee consists of thirty-four members, with Dr. F. W. Inman, Florence Villa, chairman. Tampa will be headquarters for the exchange.

Isn't there something which only a want ad. can do for you today?

"LEANS" CLEAN "FATS" AT THE BALL PARK

UMPIRE GRAHAM GIVES GAME TO "FATS" 9 to 0.

"Unfeds" Proved Too Much for Their "Overfed" Brethren, Who Were Out of Wind.

The much-talked-of game of ball between the "Leans" and "Fats" at the park yesterday afternoon was a farce almost from beginning to end, and it was seen very clearly in the first inning that the "unfeds" were too much for the "beef trust" club who usually get it all.

The game started off with the "Leans" on the "ins" and they did not stop until they had tallied five scores to their credit, and kept up this unmerciful drubbing until the end of the sixth inning, when the spectators yelled "enough" and Captain Lynch responded in a feeble voice, "hellup." At this stage of the game the "Fats," realizing there was but one chance to win, swarmed around the umpire like bees, but what sort of a "deal" took place the "Slims" were unable to learn, and the Umps. forfeited the game to the "Fats," 9 to 0.

The only real playing on the "Fat" side was by Hartsfield, but Capt. Lynch claims they were just getting ready to play ball in the lucky seventh when Umpire Graham forfeited the game on account of the "Leans" leaving the field and refusing to play further, claiming they had done enough damage to satisfy any ordinary bunch of well-fed people.

The "Leans" drove three of the "Fat" pitchers to the tall timber and would have done the same to a couple more had there been any left. Catcher Tench started the fireworks in the first inning and there was no let-up till the end. The "Leans" have the record for piling up runs, their total being the highest made on the local diamond for a number of years, including professional games.

Weinberg, the real estate agent, who usually develops lots of wind, was unable to stand the strain, for they worked both he and Hartsfield all over the diamond, and while both are old ball artists, they could not stand the strain that was placed upon them.

Capt. Dell had his men well lined-up and with the assistance of the Doctor in the box they held the "Fats" down to six runs in six innings and really claim that they could have shut them out altogether, and that it was through pity that they gave them the six.

Weinberg, with his stockings down most of the while, Tommy Stevens catching hot liners and digging hot ones out of the sand with no glove, Bob Davis running and bouncing as if he was made of rubber, Charlie Faircloth praying for nothing to come his way, Coles too stiff to run, formed a part of what Capt. Lynch had to contend with.

With old reliable Ben Tench, as catcher, Doctor Dell in the box, "Shorty" Shea on first, Prewitt of about the same calibre on second, Gardner and little Torrence, Billy McKinstry, Roy Layton and Albert O'Neill, the "Leans" were a worthy crowd of "hungry ones" that hadn't forgotten the old game of baseball.

Score by Innings.

"Leans"	5	0	2	2	7	5	—21
"Fats"	0	0	2	2	0	2	— 6

Batteries: "Leans," Dr. Dell and B. M. Tench. "Fats," Dr. Morris, Weinberg and Hartsfield. Umpire, Lee Graham.

Capt. Lynch of the "Fats" stated after the game that it was evident that a few of his players who had been so highly recommended from other leagues, were impostors as far as ball-playing is concerned. At the same time, if the "hungry crowd" had been willing to continue the game for the full nine innings, the "Fats" would have eaten them up.

If the "Leans" have any idea they can play ball the "Fats" will meet them at any time, for a worthy cause, and show them how the game should be played. The decision of the umpire of 9 to 0 in favor of the "Fats" was justified, for the reason that some of the "Leans" had gone off to hunt something to eat.

"It is generally conceded," said Mr. Lynch "that the delivery clerks of the post office know most everything from domestic affairs to financial matters and I am perfectly willing to leave the entire matter to them as to which is the best team."

OWES HER LIFE TO

Lydia E. Pinkham's Vegetable Compound

Vienna, W. Va.—"I feel that I owe the last ten years of my life to Lydia E. Pinkham's Vegetable Compound. Eleven years ago I was a walking shadow. I had been under the doctor's care but got no relief. My husband persuaded me to try Lydia E. Pinkham's Vegetable Compound and it worked like a charm. It relieved all my pains and misery. I advise all suffering women to take Lydia E. Pinkham's Vegetable Compound."—MRS. EMMA WHEATON, Vienna, W. Va.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

NOTES OF THE GAME.

Dr. Dell fed the "Fats" all sorts of curves, but the "big ones" couldn't touch 'em.

"Captain" Lynch has changed his mind about the "Leans" having a slim chance to win.

"Bat-'em-out" Tench was there with the willow.

Next time Captain Lynch will have more pitchers on hand.

Faircloth sure has a strong arm. His chunk over first to the fence was disastrous.

Some pretty long drives were made on both sides, the majority going to the credit of the "Leans."

What will ex-Captain O'Neill say to Captain Lynch? "I told you so!"

Torrence's fast fielding cut off some of the "Fats'" long drives.

YOUNG WHITE MAN SENT UP FOR LARCENY

GIVEN SIX MONTHS BY JUSTICE CARTER OF NEWBERRY.

Charged That He Stole Buggy About Twelve Months Ago, and He Will Serve Time.

Joe Fralick, a young white man of Newberry, was brought here Thursday and will be sent to the camps, having been sentenced to serve six months by Justice Carter for the larceny of a buggy.

It seems that the theft was committed eight or more months ago but the parties suspected of the crime were only apprehended by the officers this week.

Besides the young man who was convicted on the charge, two other white people, a man and woman, were arrested as accomplices, but the evidence was insufficient and Justice Carter discharged them.

Baseball Benefit Week.

Everyone in town will be interested to know that Manager Kalbfield of the New Baird, in co-operation with Manager Davis of the baseball team, has planned a monster benefit for the whole week, beginning June 7th. The entire net proceeds will go toward a fund for the purchase of uniforms, and necessary paraphernalia to equip the team for its season's work.

You'll find no more enjoyable way to show your interest in and encouragement for the team than to purchase one or more subscription tickets good for each performance during the week.

Vaudeville acts of exceptional merit and unquestioned ability will be added features of the entertainment in conjunction with beautiful films specially selected by the excellent operator in charge. A large number of the young ladies in town have offered their assistance in selling the subscription seats, so loosen up your purse strings if you want to help the boys along and see good local baseball within a short time.

It is intended to interest the various lodges collectively in this benefit week and appoint special nights when the house will be decorated in their honor and the lodge members will have an incentive to fill the house with friends for that night especially.

On Friday night will be featured a long program of amateur specialties. Other features will be noted in these columns from day to day.

BAIRD COMPANY WILL ENLARGE BUILDING

TO BE ENTIRE LENGTH OF BLOCK AND THREE STORIES HIGH.

Work Will Commence About June 20, and Rushed to Completion as Fast as Possible.

The Baird Hardware Company will make extensive changes in their store and enlarge the building for the entire length of the block.

They will make of the front a modern one, something in appearance like the Hill building, in fact in conformity with that, hoping eventually to see it continued on down the street, and expect to commence on the improvement by the 15th or 20th of this month at the very latest.

From their main building they will build back to University street and all of the back part will be two stories in height. The rear of the building will be prismatic glass, the same as the front, so that plenty of light can enter the building.

The offices of the company will be changed and improved, besides all of the new building will be arranged in galleries, that it can better display their goods to an advantage, and the roof of the new part will be glass, making it light and attractive. When finished they will have one of the most up-to-date hardware stores to be found in the State.

This great change is brought about by the large increased business of the firm, which handles a large share of the wholesale trade in this section.

The outlay of money that will be put in the improvement is quite an item, as it is considered that the cost of the changes will exceed $25,000, but Mr. Baird, president of the company, states that it is necessary to make these extensive changes in order to accommodate the demands of their business.

When you buy Lard you get more than you bargain for---It's heavier in your stomach than on the scales

Lard is a foe to digestion. If you had the stomach of an ostrich you could hardly withstand the ravages of lard-soaked pastry. You have probably found this out and already given up the eating of pastry. 'Tis wholly unnecessary! Anyone can eat and digest food cooked with *Cottolene*, the perfect shortening. It is a pure vegetable product, made from the choicest refined vegetable oil.

When you buy lard you have no protection as to quality—you simply know you are getting LARD—never mind the grade, it's just L-A-R-D. On the other hand, every pail of *Cottolene* is uniform—the product is guaranteed. You take no chances whatever.

In the face of these facts just ask yourself if you can afford to use hog lard when you can get pure, healthful, nutritious *Cottolene*.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given *Cottolene* a fair test.

Never Sold in Bulk *Cottolene* is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

STORES CLOSE FOR GAME.

Wilson and Hyde Company Close at One O'Clock Thursday.

Nearly every store in the city closed their places of business yesterday to attend the ball game for the benefit of the Oak Hall Club, and Manager Davis desires to express his thanks for the liberal manner in which their first benefit was supported. They are going to put on a show for the entire week at the opera house and half of the proceeds will go towards the ball club, from which Mr. Davis thinks sufficient money will be realized to defray all the cost of the suits.

The Wilson store, also the Hyde store, closed their places promptly at 1 o'clock and allowed their employes a half-holiday, which proves their good-will toward getting up a first-class aggregation of ball tossers for the season.

LADIES, WHY NOT PRESERVE YOUR YOUTH AND BEAUTY?

Nothing so detracts from the attractiveness of women as dull, faded, lusterless hair.

There is no excuse for this condition nowadays, because notice is hereby given to the readers of The Sun that Parisian Sage, the quick-acting hair restorer, is now on sale in Gainesville at the drug store of W. M. Johnson and is sold with a rigid guarantee at 50 cents a bottle.

Since its introduction into America, Parisian Sage has had an immense sale, and here are the reasons:

It is safe and harmless.

It cures dandruff in two weeks, by killing the dandruff germ.

It stops falling hair.

It promptly stops itching of the scalp.

It makes the hair soft, glossy and luxuriant.

It gives life and beauty to the hair.

It is not sticky or greasy.

It is the daintiest perfumed hair tonic made.

It is the best, the most pleasant and invigorating hair dressing made.

For sale by leading druggists everywhere. The girl with the auburn hair is on every package.

Fight shy of the druggist who offers you a substitute, he is unworthy of your confidence.

This is what Mrs. Elizabeth E. Anderson, Mechanicsburg, Pa., writes: "I had given up hope of ever being cured of dandruff, when I purchased a bottle of Parisian Sage. It has entirely removed the dandruff, and has started a growth of new hair, and all this after having been troubled for 15 years. I cheerfully recommend Parisian Sage."

ARRESTED FOR SELLING BOOZE.

Marshal Arnow Picks Up Negro at Archer Wednesday Night.

Marshal Arnow returned Thursday from Archer, where he went for the purpose of arresting B. F. Brooks, a negro of that place charged with selling whiskey.

Brooks gave bond for his appearance at the next term of U. S. Court in the sum of $500, the true bill having been found against him at the last session of that body, but he has been holding out since its adjournment and had only recently returned to his home.

Mention of Miss Miller.

The Staunton (Va.) Daily Leader has the following complimentary mention of Miss Mercedes Miller of this city, who has been attending the seminary at Staunton during the past term, in a write-up of the Seminary Art Exhibit:

"No other pupil shows more extensive or noteworthy exhibits than does Miss Mercedes Miller. Miss Miller comes of an artistic lineage and her contributions show a distinctive worth. Her sketches from still life in black and white are full of character and originality. Miss Miller is a day pupil and has developed strong artistic temperament which makes itself visible in each of her sketches. Several others doing charcoal work from the antique are Misses May Bown, Lucy Lyne, Bessie George, Katherine Bryan and Josephine Brown."

Hyomei Is Guaranteed to Cure Catarrh or Money Back.

When you suffer horribly from catarrh and are constantly sniffing and snuffing, hawking and spitting, and doing other disgusting things, remember there is a certain cure, called Hyomei (pronounced High-o-me), which is guaranteed to cure.

Hyomei will give joyful relief to any catarrh sufferer in five minutes and it gives remarkable relief to consumptives.

Hyomei is medicated air prepared from the extracts taken from the giant eucalyptus trees of inland Australia, where catarrh or consumption are never known.

You breathe in this healing and antiseptic air through an inhaler and this air, with its peculiar soothing properties, passing over the inflamed and germ-ridden membrane (for catarrh is a germ disease), kills the germ, allays the inflammation, and in a short time completely cures the disease.

A complete Hyomei outfit, which includes a hard rubber inhaler that will last a lifetime, and a bottle of Hyomei, costs only $1.00, extra bottle cost 50 cents. Sold by leading druggists everywhere and in Gainesville by J. W. McCollum & Co., who guarantee it on the money-back plan. plan.

IMPORTANT RESOLUTIONS.

At the recent meeting of the Board of Control resolutions of an important nature to many people of Florida and elsewhere were adopted as follows:

"Resolved, That the president of the University of Florida and the president of the State College for Women be requested to prepare and have published in the next quarterly bulletin a short history of the said institutions and their predecessors, the East Florida Seminary, the West Florida Seminary, the Florida State College, the DeFuniak Normal School, the South Florida Military Institute, the Florida Agricultural and Mechanical College, and the University of Florida, the University of the State of Florida, the Florida Female College, together with the list of graduates of each of said institutions, giving year of graduation and the residence of said graduates; the men to be published in the Bulletin of the University, and the women in the Bulletin of the College.

"Resolved, further, That the diplomas be issued by the University of Florida to the men graduates, and by the Florida State College for Women to the women graduates of the following predecessor institutions of learning, abolished by Chapter 5,384, Laws of Florida, towit:

"East Florida Seminary.
"West Florida Seminary.
"Florida State College.
"South Florida Military Institute.
"Florida State Normal School.
"Florida Agricultural College.
"Florida Agricultural and Mechanical College.
"Florida Female College.
"University of the State of Florida.

"Said diplomas to be issued for the degrees conferred by said abolished institutions by the university and college, as successors of said abolished institutions. Provided, however, that the expenses incident to the issuance of said diplomas shall be paid by the graduates applying for the same.

"Be it further Resolved, That Dr. Sledd and Dr. Murphree be requested to draft the form of diploma above provided for."

THE FLORIDA LEGISLATURE.

The Jacksonville Metropolis takes the following view of the Florida Legislature, which will draw to a close with the session of today:

"This is the last week of the constitutional sixty days' term of the Florida Legislature, and it can be truthfully said that it has exceeded all previous sessions in the matter of introducing bills and resolutions. Up to Saturday night in the Senate 505 and in the House 761 bills had been introduced. The result will be about half will die on "the hook" because they cannot be considered within the time remaining. Happily most of these bills are of a local nature and of little concern except to those of the locality affected thereby. Some very important measures must be disposed of by Friday, the final day, and that will shut out the minor matters.

"This session of the Legislature has been an eventful one, and The Metropolis still believes some member thereof will be the next Governor of Florida, and perhaps Congressmen and Senators. Good records follow them. They have proven true, steadfast and honorable throughout the term. The people have closely watched them, and while a few have won distinguished favor, others have lost, and may never rise again to the dignity of a legislator. The Legislature is a great place for ascent and descent in all States. There the ambitious young man generally shapes his career, and those who go upwards are neither forgotten nor forsaken. They are called up higher. Sorry, indeed, is the record of others, which is downward, and downward forever."

STATE PRESS COMMENT.

Cocoa and Rockledge News: "The question which is agitating Florida just now is: Which is more profitable—hogs or Northern visitors?"

Ocala Banner: "Frank Clark has had the names of Alexander, Farris and Light printed in The Congressional Record. How is that for fame?"

Times-Union: "With the beginning of the wheat harvest in Texas the farmer will be hailed as the active agent in breaking down the high cost of food supplies; why? The call may be a high compliment to the farmer, but it does not compliment that business sense which is an asset to others. In the Senate the farmer is without a defendant—in the fields he is expected to make a martyr of himself. If the farmer is to save others why should not others help the farmer kick against unjust taxation?"

Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. NEW TRAIN SERVICE IN WESTERN SECTION

TRAIN TO ARRIVE HERE ABOUT 8:30 AND LEAVE AT 6 P. M.

Will Give Gainesville Fine Connections from All Sections Except the Eastern Part.

Every indication now points to a very favorable train service from the western part of the county and one which has been worked for for the past several weeks by the Board of Trade and a number of the business men.

The new service will be the changing of the Citra train, which now arrives here from Citra at 11 o'clock. It is proposed to change this train and run it from Wilcox, to leave there about 5:30 and arrive here at 8:30 p. m., making the trip on down to Rochelle, Micanopy and Citra and intermediate points.

Returning, the train will arrive here about 5:30 and leave for the west at about 6 p. m., which will be very convenient for the people along the line of railway to spend the day in Gainesville and return home in time for their supper.

This would be the first sevice ever inaugurated by the railroads for the betterment of Gainesville, and if the schedule is placed in commission it will eventually mean a great deal for the city.

If the new service is inaugurated it will be changed about June 14th, at which time the schedule will be changed over the entire system.

On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint." Life in Tallahassee.

Saturday evening at the residence of Mr. and Mrs. George Greenhow, Mrs. W. K. Beard entertained informally, but with the usual charming hospitality, several friends in honor of Capt. W. M. Davidson of Jacksonville, who left for his home Monday after a several days' stay at the Capital City, the guest of Judge George P. Raney. Among the guests of the evening were Capt. Davidson, Judge Raney and Miss Raney, Mrs. Byers, Senator and Mrs. H. H. McCreary of Gainesville, Mr. and Mrs. Greenhow, Miss Ortania Chaires of Tallahassee and Mr. Louis Brumby of Ocala. Delightful refreshments were served by the ladies in persona and the occasion, though informal, was one of the most pleasant of the many social functions of the present legislative session.—Legislative Notes and Chat in Times-Union, 2nd.

Death Warrant Issued.

Governor Gilchrist has issued a death warrant commanding the execution of Mick Morris, the murderer of Sheriff Langston, of Leon county, on Friday, June 11, between the hours of 10 a. m. and 2 p. m.

The record of the conviction of Mick Morris was presented to Governor Gilchrist last Friday morning just before noon; and, immediately after reading the record, the death warrant was issued, two weeks being granted the criminal to prepare for his doom.—Tallahassee Morning News.

Worked It Off.

Just what may happen to a man who isn't strictly honest was illustrated on a street car a few days ago. A man handed the conductor a dollar and asked for a strip of tickets. He received his five tickets, and then the conductor fumbled around for change and managed to make a "mistake." He handed the man two half dollars instead of 75 cents. The man put away the money without saying a word and in a couple of minutes worked his way to the front of the car and got off. "Say, conductor," said an interested observer, "did you know you didn't give that man the right change?" The conductor smiled complacently. "That's all right," he said "If he'd been honest and returned that bad half dollar I'd have given him a good quarter for it. I've been trying to get rid of that piece of money for a week. I guess he deserved to get stung."—Philadelphia Record.

Savages.

In the New Hebrides are many islands whose interiors have never been visited by Europeans, for the simple reason that to attempt to do so would be to court certain death at the hands of the treacherous and vindictive natives. A little to the north of Assam, too, almost within sight of the tea gardens and the pretty bungalows of the planters, is the country of the Padanites, wherein no white man has dared to set his foot for at least 500 years past.
